

# MAPS MADE BY CHILDREN FROM ART SCHOOLS

In 2005, the Hungarian organizers of the Barbara Petchenik World Competition had the honour to count with the participation of pupils from the School of Arts of Târgu Mureş (Marosvásárhely) in Transylvania, Romania. The high graphic quality of the drawings (made under the supervision of their teacher Csilla Makkai) motivated the organizers to select three of their works to represent together both countries in the International Competition. This poster contains a selection of maps that for the first time are presented out of Hungary...

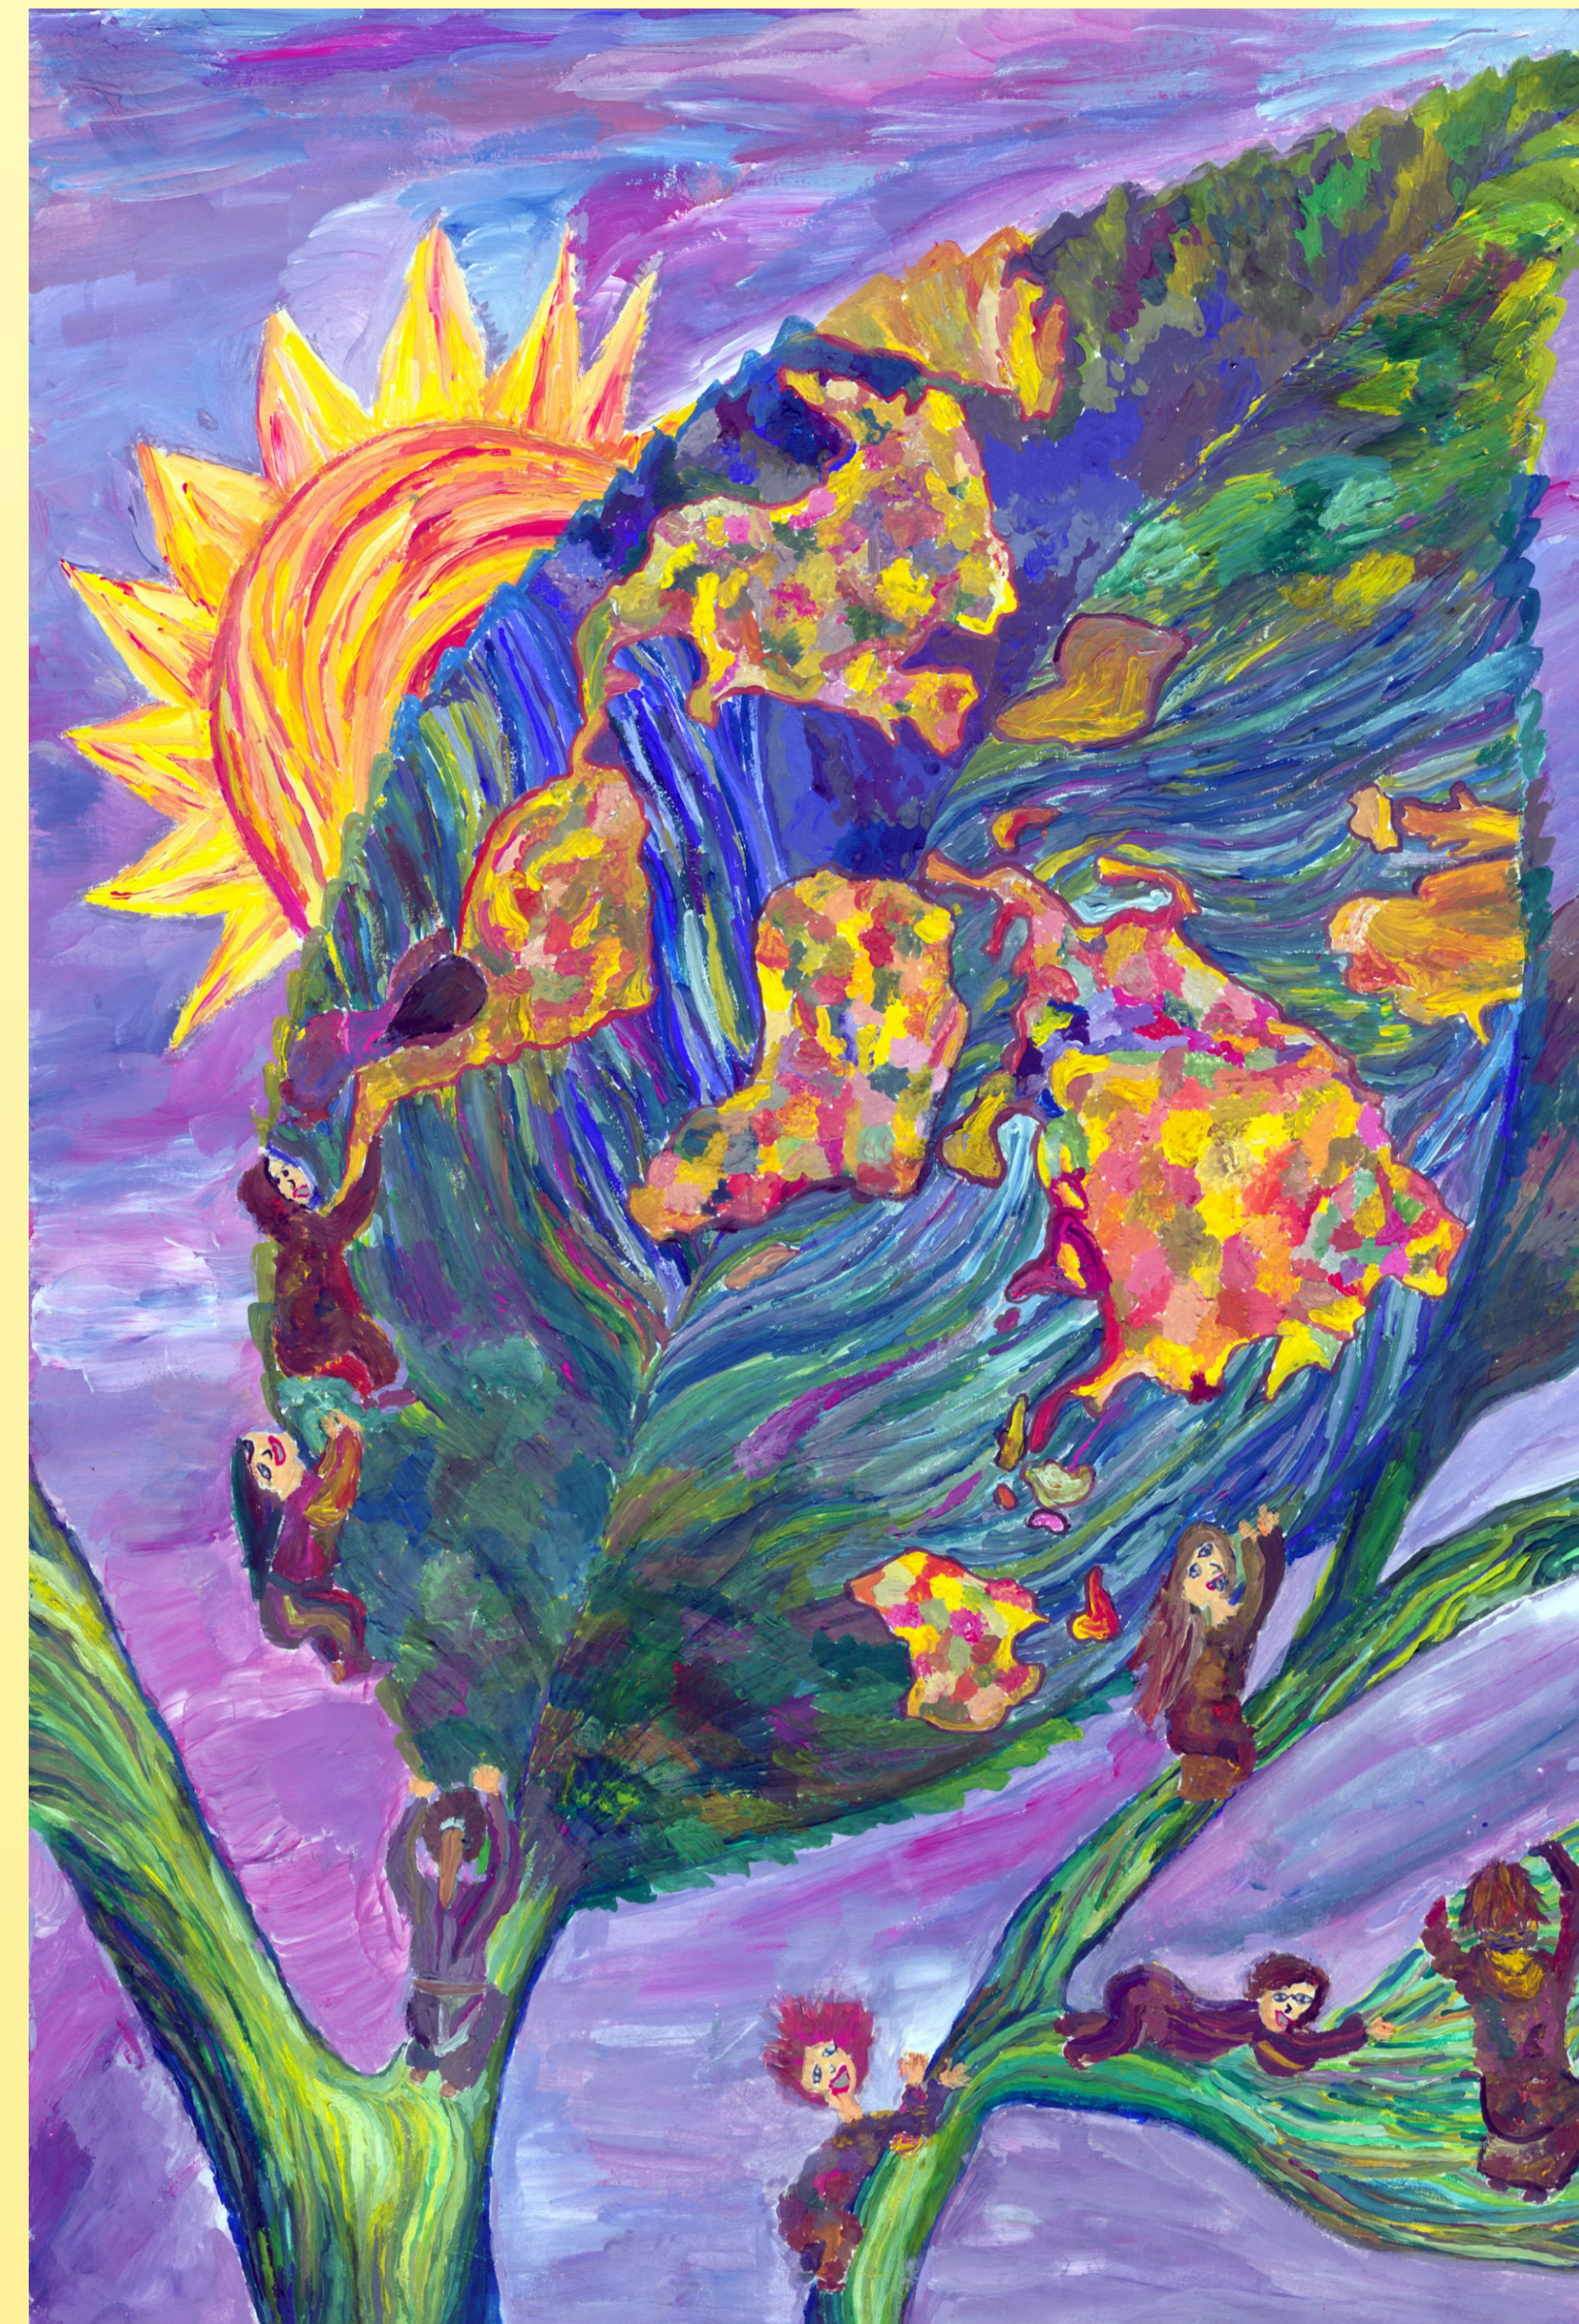

Cartography and Art –  
Art and Cartography
